

Website Project To-Do List

- ☐ Use ONE external styling sheet (main.css)
- ☐ Be a minimum of 3 pages (main page MUST be called index.html)
- ☐ Have consistent navigation across 3 pages (all pages must link to one another - a navigation bar will be great for this!) Have at least 1 image on each page
- ☐ Have at least 1 div on each page
- ☐ Have at least 1 example of a class
- ☐ Have at least 1 example of an id
- ☐ Have at least 1 flex container (a navigation bar will be great for this!)
- ☐ Have a Trello board with at least 12 cards on it and use the Kanban method ("to do", "doing" and "done") (all must be in the "done" section once submitted)
- ☐ Upload website to Github
- ☐ Answered the 8 questions

Website To-Do List

Page 1: index.html

- ☐ Have at least 1 image
- ☐ Have at least 1 flex container (navigation bar ideally)
- ☐ Have at least 1 <div>
- ☐ Have at least 1 example of "class"
- ☐ Have at least 1 example of "id"

Page 2:

- ☐ Have at least 1 image
- ☐ Have at least 1 flex container (navigation bar ideally)
- ☐ Have at least 1 <div>
- ☐ Have at least 1 example of "class"
- ☐ Have at least 1 example of "id"

Page 3:

- ☐ Have at least 1 image
- ☐ Have at least 1 flex container (navigation bar ideally)
- ☐ Have at least 1 <div>

- ☐ Have at least 1 example of “class”
- ☐ Have at least 1 example of “id”

GitHub To-Do List

- ☐ Upload website to GitHub
- ☐ Get website link from GitHub
- ☐ Put website link into the “about” section on your repository
- ☐ Make sure website is working fine, if not fix any issues
- ☐ Submit website (GitHub repository link, send it to me in a Slack message)
- ☐ Submit website (GitHub website link, send it to me in a Slack message)

Trello To-Do List

- ☐ Make your Trello “public”
- ☐ Use the Kanban method (“to do”, “doing” and “done”)
- ☐ Have at least 12 cards on the board
- ☐ Have all cards in “doing” section (once you’re ready to submit your work)
- ☐ Submit Trello (send Trello URL to me in a Slack message)

Questions To-Do List

- ☐ Answered all 8 questions
- ☐ Added 2 screenshots of website as answer to question 8 (must be your website in 2 separate browsers, for example Google Chrome and Safari etc)
- ☐ Received feedback for answers
- ☐ Use feedback to re-write answers (if applicable)
- ☐ Submit answers (send the document to me in a Slack message)
